

## 2023 Insulin Lispro Injection Vial Limited Duration Rebate Announcement

On March 1<sup>st</sup>, 2023, Lilly USA LLC announced that it was reducing the list price of its non-branded insulin, Insulin Lispro Injection 100 units/mL, to \$25 per 10 mL vial. Effective May 1, 2023, it will be the lowest list-priced mealtime insulin available, and less than the list price of a Humalog®(insulin lispro injection) vial in 1999. The announcement builds on years of efforts by Lilly to close the gaps in the U.S. healthcare system that keep some people with diabetes from accessing affordable insulin.

Lilly USA recognizes that changes in the list price of prescription medications may have financial implications for its business partners in the channel, particularly for pharmacies who dispense these medications to patients.

In an effort to avoid supply chain and patient access disruptions that could result from the channel's response to the WAC price decrease to \$25.00, **Lilly USA LLC will be offering a Limited Duration Rebate of 70% off the \$82.41 current WAC price on insulin lispro injection vials purchased at WAC from Lilly Authorized Distributors of Record during the period of April 19<sup>th</sup> – April 30<sup>th</sup>, 2023.** Lilly will not be offering a “shelf stock adjustment” after the price decrease on May 1<sup>st</sup>, 2023.

### Program Details:

Product	NDC
Insulin Lispro Injection U-100 10mL vial	0002773701

- To receive the rebate, customers will purchase Insulin Lispro Injection Vials from a Lilly Authorized Distributor of Record (ADR) as they normally do during the limited duration period of April 19<sup>th</sup> – April 30<sup>th</sup>, 2023.
- Lilly will partner with Distributors to credit pharmacies the rebate amount on eligible purchases after a validation process.
- Eligible Product that is purchased at any contracted or up-front discount (except for discounts which may be available from wholesaler subject to agreement between customer/wholesaler) will not be eligible for this rebate, except at Lilly's sole discretion.

The expectation is that the validation process and wholesaler credit process for rebates will be completed in a timely manner.
